Nebraska Builder Award

SCOTT W. KILLINGER

CITATION

In recognition of his outstanding international career as an architect, educator and civic leader; in honor of his thoughtful leadership and strategic vision that has grown the College of Architecture in national and international reputation; in gratitude of his unwavering dedication and extraordinary service to his alma mater championing educational access and global learning for all Nebraskans, the University of Nebraska–Lincoln confers upon Scott W. Killinger the 2026 Nebraska Builder Award.

Originally from Hebron, Nebraska, Scott W. Killinger earned a bachelor of architecture from the University of Nebraska–Lincoln in 1961 and a master of architecture from the University of Pennsylvania in 1966. He has built an international career as an architect, educator, and civic leader. Mr. Killinger is Principal and Founding Partner of Kuang Xing International, a 50-person architecture, landscape, and urban design practice based in Beijing and Philadelphia, and a founder of the Killinger Center for Urban Studies in China with strong ties to the University of Nebraska. He has taught and lectured at Harvard, the University of Pennsylvania, Savannah College of Art and Design, leading Chinese universities, and the University of Nebraska.

A longtime advocate for his alma mater, Mr. Killinger served on the College of Architecture’s Professional Advisory Council from 2004-2015 and as a Trustee of the University of Nebraska Foundation since 2012. In 2008, he received the distinguished Alumni Master award from UNL Alumni Association and is a member of the NU Foundation’s Burnett Society for sustained philanthropic giving.

He returned to Nebraska during a critical time of transition to serve as Interim Dean of the College of Architecture in 2015-2016. Placing his active global practice in second position and prioritizing Nebraska, Mr. Killinger relocated from Philadelphia to Lincoln, bringing stability, strategic vision, and renewed optimism to the College of Architecture. His thoughtful leadership rebuilt the College’s foundation and strengthened its trajectory for long-term success, literally building Nebraska—an act of uncommon service from a Nebraska alumnus with international stature, a quintessential Nebraska Builder.

Nebraska Builder Award

RICHARD L. YOUNGSCAP

CITATION

In recognition of his architectural ethos, vision and entrepreneurial spirit in sustainable land development and preservation; in honor of his deep commitment to preserve and celebrate Nebraska's natural beauty and grow Nebraska's tourism; in gratitude of his loyalty, support, mentorship and service to his alma mater, the University of Nebraska–Lincoln confers upon Richard L. Youngscap the 2026 Nebraska Builder Award.

Richard “Dick” Youngscap is a lifelong Nebraskan and a 1961 graduate of the University of Nebraska–Lincoln with a bachelor of architecture degree. His early career was marked by a commitment to thoughtful urban development and land conservation. In 1965, he acquired 16 acres in Southeast Lincoln to protect it from high-density urban sprawl—a decision that would lead to the creation of Firethorn Golf Club, one of Nebraska’s most celebrated golf venues. Youngscap’s vision extended beyond Firethorn. In the 1990s, he recognized the potential of Nebraska’s Sandhills region, an ancient seabed with unique natural features ideal for golf. Partnering with architects Bill Coore and the PGA’s Ben Crenshaw, he developed the Sand Hills Golf Club, which opened in 1995. This course, celebrated for its minimalist design and harmonious integration with the natural landscape, has consistently been ranked among the top courses in the world. Notably, Sand Hills was named #1 in Golfweek magazine’s 2022 list of the “Top 200 Modern Courses”.

In 1997, Mr. Youngscap received the Dr. Herbert H. Davis Memorial Award from the Nebraska Golf Hall of Fame. In 2019, he was honored with the Virgil A. Parker Special Recognition Award by the Nebraska Golf Association for his unparalleled contributions to the game of golf in Nebraska.

His vision has made Nebraska a pilgrimage site for golf enthusiasts and a model for sustainable development and land preservation. He is widely regarded as one of the most influential figures in modern golf course architecture, and his work continues to inspire designers, developers, and conservationists around the world.

Academic Attire

The caps and gowns worn during formal academic occasions in American colleges today are the direct descendants of the everyday costumes worn in the universities of Medieval England. Because of the tremendous growth of American colleges and the confusion which would result if each were to adopt a distinctive costume, the Intercollegiate Bureau of Academic Costume was organized. The Bureau has established a uniform code which over 700 institutions have adopted.

There are three types of gowns and three types of hoods for bachelors, masters, and doctors, respectively. The bachelors gown has a long pointed sleeve; the masters gown has a long closed sleeve, square at the end with an arc of a circle just above the bottom. The sleeve extends well below the knee, the arm coming through a slit near the elbow. The doctors gown has a voluminous bell-shaped sleeve with three velvet bars. The colors of the bars are usually the colors of the faculty that granted the degree, but may be black.

The hood is the most important and distinctive feature of the code. The hoods for all degrees are lined with silk in the official academic color or colors of the institution conferring the degree and have an edging or trim of velvet. The color of the velvet edging indicates the course or faculty to which the degree pertains. The lining is exposed when the hood is worn. For example, a doctor of philosophy of the University of Nebraska will wear a hood whose lining is scarlet above the cream-white indicating Nebraska, trimmed with blue velvet for philosophy. The bachelors hood

is rather short with narrow velvet edging. It is not worn by candidates for the bachelors degree but only by those upon whom this degree has been previously conferred. The masters hood is considerably longer, has a wider velvet edging, and exposes more of the lining. The doctors hood has wide panels at the side and is easily recognized since, of the three types of hoods, it has the widest velvet edging, greatest length, and fullest exposure of the lining.

The black mortar board cap with tassel is worn with each type of gown. Those holding a doctors degree are privileged to wear a gold tassel. Masters and bachelors wear tassels that are either black or the color appropriate to the course in which they are being graduated.

The Board of Regents, the President, and the Chancellor wear robes with velvet front panels and sleeve bars denoting their office. The Commencement Marshals wear scarlet robes with black velvet front panels and sleeve bars.

Hood colors observed at this commencement, which symbolize various areas of study, are as follows:

DEGREES WITH DISTINCTION

Selection for degrees with distinction, high distinction, and highest distinction is made by the college awarding the degree. Each college establishes its requirement for this honor. Students graduating with honors are presented a keepsake medallion. A medallion with a red ribbon denotes graduation with distinction, one with a white ribbon denotes high distinction, and one with a combination red and white ribbon denotes highest distinction.

Chancellor's Scholars have earned As on all of their graded work at the University of Nebraska–Lincoln and all other postsecondary institutions. They wear a Chancellor's Scholar pin on their ribbon.

Graduates of the University Honors Program have fulfilled specific requirements. Honors Program graduates wear a red and white epaulette in recognition of their achievement.
